Sometimes I just think back to the first time I laid eyes
on you. I knew right then that I had found someone
incredible. Ever since that very moment all I have ever
wanted was to be with you. No matter how dark my day is,
seeing you always brightens it and makes me realize that with
you, I am doing right. Your heart is so pure and so forgiv-
ing that it will always be the center of my attention, no matter
what else is going on in my life. I look forward to this day
and many more just like it for you will forever be in my heart.

A decorative tapestry with a central panel of cursive text, floral borders, and birds. The background is a light beige color with a subtle, repeating floral pattern. The central text is written in a flowing cursive script. The top and bottom borders feature large, vibrant pink roses and smaller pink flowers. Two small birds are perched on the top border, and a larger bird is perched on the bottom border. The tapestry has a white fringe along the top and bottom edges.

Sometimes I just think back to the first time I laid eyes
on you. I knew right then that I had found someone
incredible. Ever since that very moment all I have ever
wanted was to be with you. No matter how dark my day is,
seeing you always brightens it and makes me realize that with
you, I am doing right. Your heart is so pure and so forgiv-
ing that it will always be the center of my attention, no matter
what else is going on in my life. I look forward to this day
and many more just like it for you will forever be in my heart.

No matter how dark my day is, seeing you always brightens it and makes me realize that with you, I am doing right.
